

Teacher Training

Teachers *new* to the Exchange City curriculum are **required** to attend Teacher Training. Teachers who have taught the program previously are **not required** to attend additional trainings. However, all teachers are welcome to attend training as an update opportunity. Checkbooks will be distributed during training if not already received. There are three training dates available. Please mark your calendars now! Plan to attend training at least **one month** prior to your Exchange City visit.

Advance registration is required. Space is limited.

*Reserve your training space **one week** prior by submitting online Teacher Training Confirmation Form.*
